

ECE R-100.02, ECE R-10.05 and ECE R-122 certified automotive coolant heater for interior or battery heating system.

Integrated pump, CAN-bus controller

Up to 5 kW or 7 kW in power at 300 V / 400 V

Electric/Hybrid vehicles
Heavy Machinery
5kW to 7kW

- ECE R-122
- ECE R-100
- ECE R-10

Key Features

- 8.4 kg
- Integrated CAN-bus controller
- Automatic flow-rate setting
- Constant temperature mode
- Constant power mode
- CAN-bus diagnostics
- 3 Step overheat protection
- HVIL detection

Power

- 7 kW peak output at 400 V
- 5 kW output at 300 V
- 22 A max current
