

ECE R-100.02 and ECE R-10.05 Certified automotive power distribution unit with CCS fast charging.

Integrated CCS fast charge controller and contactor system is designed for 150kW DC input.

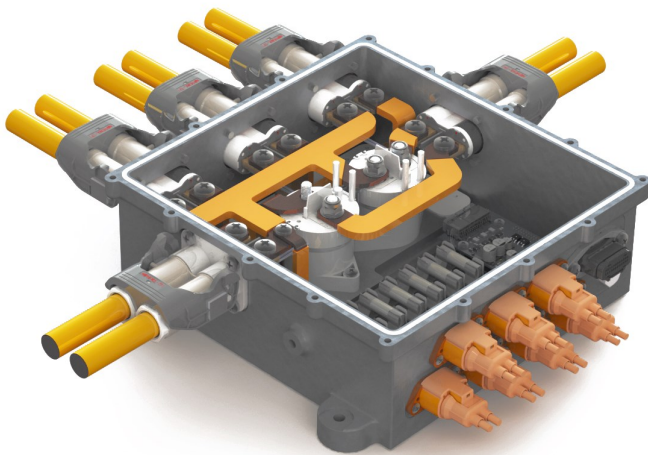

Up to 5x ESS6A series battery systems.

**Electric/Hybrid vehicles****Heavy Machinery****400 V 500 A**

- ECE R-100

- ECE R-10

## Key Features

- 8.4 kg
- Integrated CCS controller
- CAN-bus control, diagnostics
- Up to 5 x ESS6A battery systems
- Up to 185 kWh
- 300 A CCS charging input
- IP67 Protection
- 7 x 30 A Fused power outputs
- 500A Contactors
- HVIL detection
- PowerLok connectors

## Power

- 500 A peak output
- 7x outputs max 30 A (10 kW)
- 4x Inputs / Outputs 300 A (100 kW)
